PROFILE

I am a passionate Web and Android App Developer with experience in designing and developing responsive, user-friendly, and SEO-optimized websites and mobile applications. Skilled in frontend and backend development, I have expertise in HTML, CSS, JavaScript, PHP, Java, XML, WordPress, Bootstrap, and Elementor. I enjoy building modern web solutions, optimizing website performance, and implementing SEO best practices to improve online visibility. I am committed to delivering high-quality digital products with clean code, strong functionality, and an excellent user experience while continuously learning and growing as a developer.
